

# STATEMENT TO THE 76<sup>th</sup> GENERAL ASSEMBLY

GENERAL ASSEMBLY

Rescue

Recover

Re-imagine

We ask world leaders to **SAVE AFRICAN LIVES** and:

1. Address the impact of the COVID19 infodemic on policies, citizen's response and COVID19 vaccine introduction at global and country levels (**#InfodemicManagement**)
2. Remove all barriers in access to personal protective equipment, tests, treatment, therapeutics and vaccines (**#VaccineEquity**)
3. Support community and citizen's led action to improve adoption of risk reduction strategies and promote vaccine acceptance (**#CitizensAction**)
4. Integrate COVID19 responses into the delivery of essential health services and supply chain management for medicines and commodities to secure resilient pandemic ready PHC systems at all levels (**#PHC4COVID19**)
5. Protect, Motivate and Reward health and other frontline workforce, with a special focus on the community health workforce (**#WorkforceSupport**)
6. Expand domestic financing beyond public budgets to include social impact investment, corporate shared value, organized philanthropy, and sustainably finance the pandemic and its impact on human capital development and economic growth (**#BlendedFinancing**)
7. Adopt a health and social protection approach to mitigate the impact of the national response on women, children and young persons (**#GenderEquityAndSocialJustice**)
8. Re-imagine international cooperation and diplomacy to secure health and social protection systems against future pandemics and save lives (**#RedefineGlobalSolidarity**)
