

**CHESTRAD**

— GLOBAL —

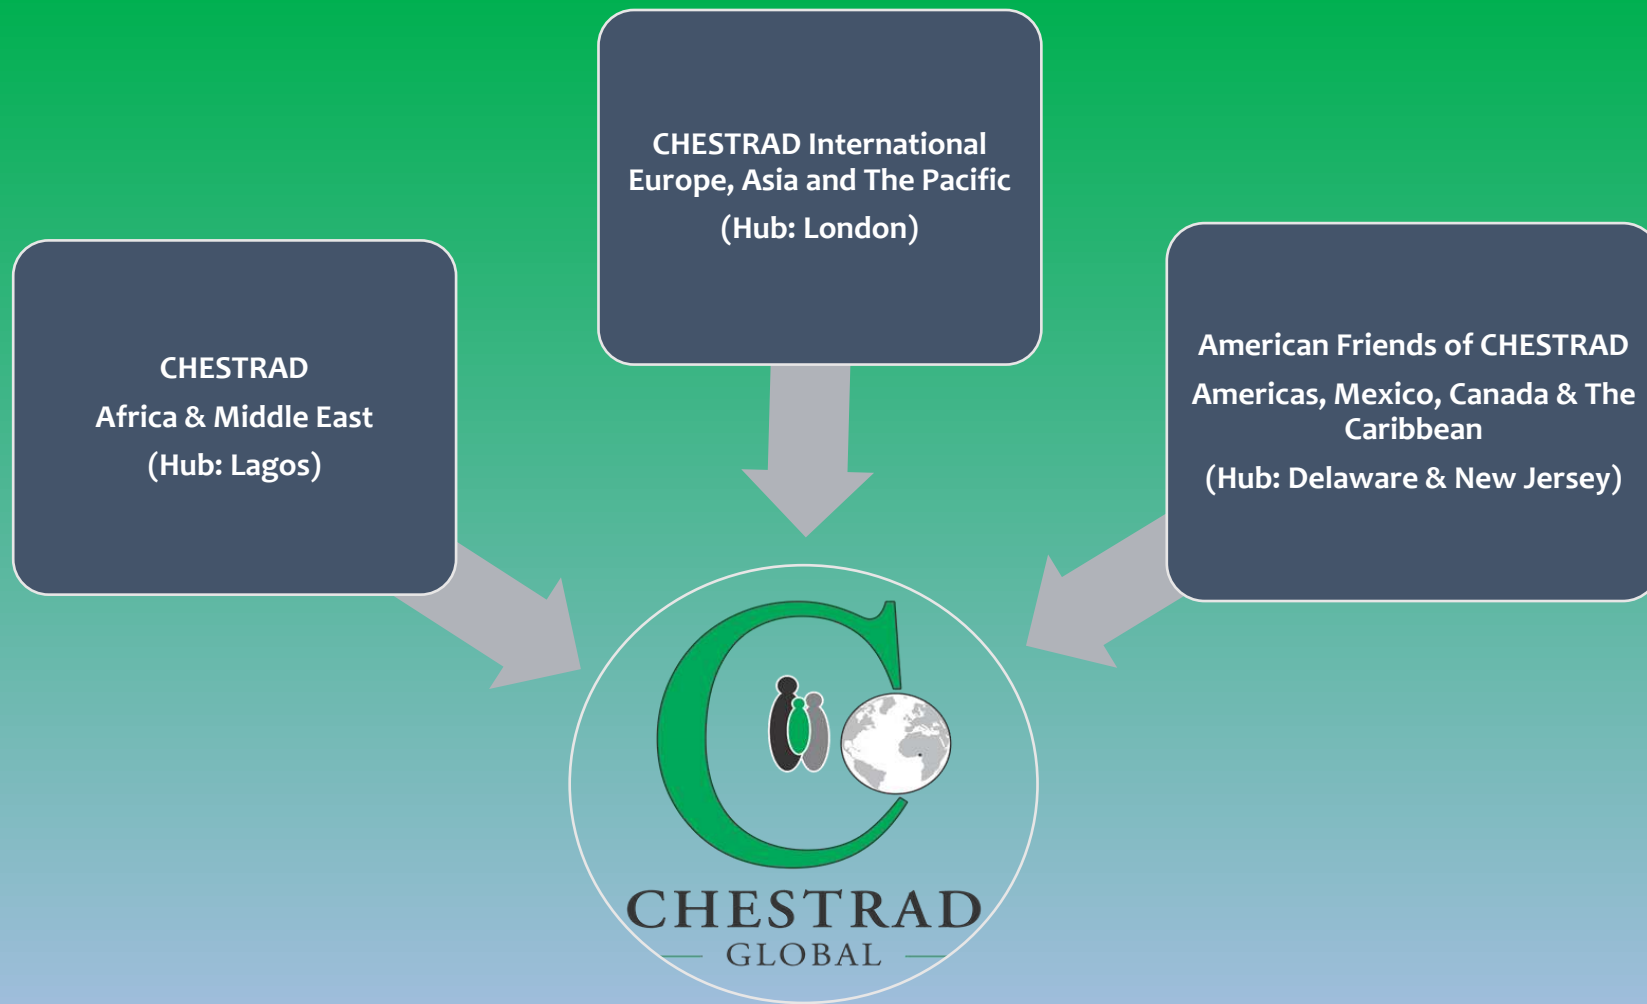

1993

# Innovation, Adaptation and Learning

**“An African-led global social enterprise and development agency that consolidates the achievements of CHESTRAD across its network members and establishes southern thought leadership in global health and development “**

“An African-led global social enterprise and development agency to consolidate the achievements of CHESTRAD across its network members and establish southern thought leadership in global health and development “

- **Network Members**
  - CHESTRAD Africa and the Middle East – 1993;
    - CHESTRAD International, UK - 1996;
  - American Friends of CHESTRAD LLC, Delaware - 2003

# ***Purpose Statement***

- **African-led, country impact, regional collaboration and global Influence**
- **Consolidate nearly 30 years of pathfinding achievement in health, social and economic development**
- **Context responsive, community and people centered programmes**
- **Scale known interventions and deliver global common goods  
– health, nutrition, education, financial services, sustainable livelihood and human capital development**
- **Achieve sustainability through blended financing (from dependence on aid to reliance on domestic resources and economic cooperation)**
- **Place women, children and young persons at the centre of social justice systems and human capital development in Africa through improved access to financial services and technology**

**Vision:**

**A notable ethical African-led social enterprise and development agency to sustainably finance universal access to assets to survive, thrive and excel throughout the continuum of life**

**Mission:**

**Optimise multi-sector data, evidence and approaches to deliver global common goods (health, nutrition, education, financial services), and contribute to human capital development in Africa**
